martin yale 1628

The 1628 is a desktop letter opener that is ideal for mid-size businesses with moderate mail volume. It automatically feeds and opens a stack of envelopes up to 1? high. The machine operates at a speed of up to 3,000 standard sized envelopes per hour. The blades are fully enclosed to protect fingers. The non-skid rubber suction feet keep machine in place. It has a low noise operation.

- Accepts standard sized business envelopes
- Blades are fully enclosed to protect fingers
- Low noise operation
